Greetings,

The Churchill County Sheriff's Office is in the final stages of switching inmate communications systems and companies. We are hopeful that this transition will be complete very soon and are confident that the new product will provide modern options, better equipment and a more responsive carrier to meet the needs of the incarcerated, their families and those of this agency.

The Churchill County Sheriff's Office has transitioned back to Securus as our inmate communication provider, this company requires that the Attorney (Public Defender, Hired Defense Counsel) set up an account. This account will allow phone calls to be placed to the Attorney without being recorded and will be free of charge.

The attorney setting up the account will need to follow the below instruction.

Log into [Videovisitation.com](https://videovisitation.com) and follow the prompts, they will need to have with them a copy of their government issued ID and their Bar Card.

We are grateful for your patience during this transition as we strive to improve the quality of communication and services. If you have any questions or concerns please contact the Churchill County Sheriff's Office administration at Admin@so.churchill.nv.us

Respectfully,
